

Looking back on 2022

Thank you for being a part of all that God is doing here at Trinity. We have much to celebrate!

Small groups - a place for care and community

Our small groups continue to be a place where people can know a sense of belonging. Last year we saw a couple of brand new small groups start up and we are currently helping others begin the journey of setting up a group.

Serving our church and our community

We are always blown away by the generosity of people at Trinity to serve within the church walls as well as outside of them. Whether it's being on hand to listen at the café, waiting on tables, serving our children or setting up chairs - Thank you.

A church for the those on the margins

Last year we saw our monthly community roast grow in popularity with an average of 52 free roast dinners being served each month between July and December. Our café Pay it Forward scheme also continues to cater for those who face financial challenges with £248 of tokens being bought and used last year.

A worshipping community of

487

people over 5 weekly congregations

We count numbers because numbers represent people and people matter to God. With a usual weekly attendance of 314 people, we thank God for continuing to bless us. Over 2022, we have seen an increase in young families joining us and we are delighted that our congregations gather people from all over the world.
